A Teacher's Guide to Land of Hope Wilfred M. McClay 2020-05-19 This Teachers' Guide to Wilfred McClay's *Land of Hope: An Invitation to the Great American Story* will be an invaluable aid to classroom teachers who use *Land of Hope* as a textbook for courses in United States history. McClay has coauthored the Guide with John McBride, a master teacher with over thirty years of secondary and collegiate teaching experience. The result is an exceptionally rich and useful resource for the enhancement of the classroom experience. Each chapter of *Land of Hope* has a five-part treatment: a short summation of the chapter's contents, a lengthy set of questions and answers about the text of the chapter, materials that can be deployed in testing or used to sharpen classroom discussion; a set of short objective tests, suitable for quizzes and exams; a primary-source document for class study and analysis; and questions and answers to accompany the document. In addition, there are special units to assist teachers in the giving special coverage to the Declaration of Independence, the Constitution, the Bill of Rights, and the Origins of the Two-Party System. Like *Land of Hope* itself, these materials are designed to help students come away from the study of the American past with a coherent sense of the larger story, and a sense of history as a profoundly reflective activity, one that goes to

the depth of our humanity.

TV Guide, the First 25 Years Jay S. Harris
1980

Guide to the Presidency Michael Nelson
2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U.S. political system. Its two volumes describe the history, workings and people involved in this office from Washington to Clinton. The thirty-seven chapters of the Guide, arranged into seven distinct subject areas (ranging from the origins of the office to the powers of the presidency to selection and removal) cover every aspect of the presidency. Initially dealing with the constitutional evolution of the presidency and its development, the book goes on to expand on the history of the office, how the presidency operates alongside the numerous departments and agents of the federal bureaucracy, and how the selection procedure works in ordinary and special circumstances. Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day, and the detailed overview of the vice-presidents and first ladies of each particular office. Also included are two special appendices, one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton's Inaugural Address, and another which provides results from elections and polls and statistics from each office.

Sources of Strength Jimmy Carter 1997 The

former president presents scriptural texts dealing with themes ranging from family to reconciliation to the transforming power of God's love, accompanied by his personal reflections on their meaning in terms of the challenges of modern life

The Cold War Reference Guide Richard Alan Schwartz 2006-01-01 For over forty years much of the world was held captive by a conflict between two wholly incompatible economic ideologies--capitalism and communism--and the two primary superpower countries who practiced them, the United States and the Soviet Union. Written in accessible language for readers with little or no previous knowledge about the subject, this work is first a general history of the Cold War, with an overview of its root causes and the policies and theories that were in place from 1947 through 1990. A thoroughly annotated chronology of important Cold War events follows. Short biographies of some of the major United States political figures and world leaders conclude the work.

A Subject Guide to Quality Web Sites Paul R. Burden 2010-07-17 The Web is always moving, always changing. As some Web sites come,

others go, but the most effective sites have been well established. A Subject Guide to Quality Web Sites provides a list of key web sites in various disciplines that will assist researchers with a solid starting point for their queries. The sites included in this collection are stable and have librarian tested high-quality information: the most important attribute information can have.

Thoroughly revised and infused with new data, analysis, and discussion of issues relating to elections through 2014, the Guide will include chapters on: Analysis of the campaigns for presidency, from the primaries through the general election Data on the candidates, winners/losers, and election returns Details on congressional and gubernatorial contests supplemented with vast historical data. Key Features include: Tables,

boxes and figures interspersed throughout each chapter
Data on campaigns, election methods, and results
Complete lists of House and Senate leaders
Links to election-related websites
A guide to party abbreviations

A Government as Good as Its People Jimmy Carter 1977 A collection of Jimmy Carter's interviews, campaign speeches, and informal remarks.

Guide to the Presidency: Part V. The White House and the executive branch Michael Nelson 2002

The White House Junior Ranger Activity Guide

The Complete Idiot's Guide to the American Presidency Alan Axelrod, PhD 2009-08-04 From George Washington to George W. In the course of the 2008 presidential campaigns, Americans became involved in the political process at a level rarely seen in modern history. But even before the historic race, George W. Bush's tenure had left many Americans wondering how we got to where we are today. The Complete Idiot's Guide® to the American Presidency takes readers from the first president to the one who just stepped down - exploring the legacies of the greatest leaders and the black marks against others, and showing the ways in which they left their stamp on both the nation and the presidency itself. *Written by the author of the highly successful The Complete Idiot's Guide® to American History, Fifth Edition *Appendices that list the presidents and their vice presidents, the presidential elections, and further reading
Packaging The Presidency Kathleen Hall Jamieson 1996-06-20 Packaging the Presidency, Third Edition, is now completely updated to offer the only comprehensive study of the history and effects of political advertising in the United States. Noted political critic Kathleen Hall Jamieson traces the development of presidential campaigning from early political songs and slogans through newsprint and radio, and up to the inevitable history of presidential campaigning on television from Eisenhower to Clinton. The book also covers important issues in the debate about political advertising by touching on the development of laws governing political advertising, as well as how such advertising reflects, and at the same time helps to create, the nature of the American political office. Finally, current public concerns about political

advertising are addressed as Jamieson raises the topic of ads dealing mainly in images rather than issues, and of political aspirations becoming increasingly only for the rich, who can afford the enormous cost of television advertising.

The Trusteeship Presidency Charles O. Jones 1988 "In The Trusteeship Presidency, the distinguished political scientist Charles O. Jones portrays President Carter's seemingly antipolitical approach to politics and how it affected his often strained relations with Congress. Using the extensive interviews conducted with President Carter and senior members of the White House shortly after Carter's term ended, Jones considers the political context of Carter's extraordinary nomination and electoral victories in 1976, the new type of Congress that he faced in 1977, and the approach to Congress that was developed throughout the Carter years. The book seeks to explain more than to criticize, to understand more than to judge"--Jacket.

Talking Peace Jimmy Carter 1993 Discusses the various factors involved in peace negotiations and conflict resolution, examining such elements as the living conditions of citizens in peacetime and wartime and the effect of international relations on innocent citizens.

Cold War: The Essential Reference Guide James R. Arnold 2012-01-16 The impact of the Cold War is still being felt around the world today. This insightful single-volume reference captures the events and personalities of the era, while also inspiring critical thinking about this still-controversial period. • Several analytical essays by prominent historians, plus 85 additional A-Z reference entries about conflicts, incidents, leaders, and issues • 35 examples of relevant primary source documents, including speeches, treaties, policy statements, and letters, such as the Marshall Plan and Winston Churchill's "Iron Curtain" speech • A detailed chronology of important events that occurred before, during, and after the Cold War • Numerous maps and images of key leaders and events • A comprehensive bibliography of print resources

Political Campaigns and Political Advertising: A Media Literacy Guide Frank W. Baker 2009-06-04 Examining political campaigns and political advertising through the analytical lens of media literacy, this well-illustrated and

timely handbook guides readers through the maze of blandishments and spin that is the hallmark of the modern political campaign. It dissects the persuasive strategies embedded in the political messages we encounter every day in the media and demonstrates the importance of critical thinking in evaluating media stories. Key concepts of media literacy are applied to political advertising in traditional media (newspapers, television, radio) and on the Internet, the new frontier of the political advertising wars. Dealing with blogs, social networking, user-generated Web sites, and other electronic formats familiar to young voters, this lively introduction to the new world of political messaging appeals to readers' affinity for visual learning as well as their ability to discern messages in text. Unique in applying media literacy concepts to the political context while directly addressing students and general readers, this book not only explains but graphically demonstrates both established techniques of political framing and the new avenues of persuasion being pioneered in digital media. It will also interest viewers who like their political news in traditional media but unconventional formats.

Student's Guide to Elections Bruce J. Schulman 2008-06-03 The first elections reference specifically created to support students and teachers in U.S. government course Student's Guide to Elections is an informative and engaging reference tool for young researchers seeking information on voting, the electoral process, and the history of U.S. elections. It offers accessible access to the key topics in high school U.S. government and U.S. history curricula. A comprehensive, single-volume resource, it features essays, encyclopedic entries, and primary source documents, to help students understand the history and significance of the U.S. electoral process. The user-friendly design includes boxed features, time lines, photos, maps, charts, tables, and political cartoons. Student's Guide to Elections is the first title in a brand new Student's Guide series from CQ Press. Uniquely, the Student's Guide series of books is written so that students need no prior knowledge to understand the essays, encyclopedia entries, or primary sources in these resources. With the 2008 presidential election looming in November, this volume will prove to

be an indispensable resource for high school and public libraries, and a teaching resource for courses on U.S. government and political system.

The Presidency of Gerald R. Ford John Robert Greene 1995 "Riveting from start to finish". -- Herbert S. Parmet, author of Richard Nixon and His America.

Keeping Faith Jimmy Carter 1983-10
Guide to U.S. Economic Policy Robert E. Wright 2014-06-30 Guide to U.S. Economic Policy shows students and researchers how issues and actions are translated into public policies for resolving economic problems (like the Great Recession) or managing economic conflict (like the left-right ideological split over the role of government regulation in markets). Taking an interdisciplinary approach, the guide highlights decision-making cycles requiring the cooperation of government, business, and an informed citizenry to achieve a comprehensive approach to a successful, growth-oriented economic policy. Through 30 topical, operational, and relational essays, the book addresses the development of U.S. economic policies from the colonial period to today; the federal agencies and public and private organizations that influence and administer economic policies; the challenges of balancing economic development with environmental and social goals; and the role of the U.S. in international organizations such as the IMF and WTO. Key Features: 30 essays by experts in the field investigate the fundamental economic, political, social, and process initiatives that drive policy decisions affecting the nation's economic stability and success. Essential themes traced throughout the chapters include scarcity, wealth creation, theories of economic growth and macroeconomic management, controlling inflation and unemployment, poverty, the role of government agencies and regulations to police markets, Congress vs. the president, investment policies, economic indicators, the balance of trade, and the immediate and long-term costs associated with economic policy alternatives. A glossary of key economic terms and events, a summary of bureaus and agencies charged with economic policy decisions, a master bibliography, and a thorough index appear at the back of the book. This must-have reference for students and researchers is suitable for academic, public, high school, government, and professional libraries.

Morality, Reason, and Power Gaddis Smith 1986 Examines U.S. foreign policy during the Carter administration, discusses the arms race, the Panama Canal, the Middle East situation, and the Iran hostage crisis, and suggests reasons for Carter's failure to be reelected

The Blood of Abraham Jimmy Carter 2007-10-01 The former president and architect of the Camp David Accords elucidates the historical and political background of Middle East enmities and presents an analysis of the structure of tensions and conflicting points of view of today.

Newsroom Guide to Polls & Surveys G. Cleveland Wilhoit 1990

The Virtues of Aging Jimmy Carter 1998 The former president presents an essay on the process of aging and how it has affected his outlook on life, and suggests ways that readers can make their later years into the most exciting of their lives

At the White House Robert Pierpoint 1981 Details Pierpoint's experiences and observations during his career as a CBS White House correspondent, providing his view of the presidency during the Eisenhower, Kennedy, Johnson, Nixon, Ford, and Carter administrations

The Undecided Voter's Guide to the Next President Mark Halperin 2009-10-13 Who's ready for the oval office? They call it a horse race, and in this election the candidates got out of the gate early. But it's still hard to tell them apart and make a choice. Mark Halperin, veteran reporter and political analyst, sizes up the White House hopefuls with intelligence, insight, and his trademark wit, offering engaging, in-depth examinations of the histories, qualifications, agendas, and personal beliefs of the major candidates—including Hillary Clinton, John Edwards, Rudy Giuliani, John McCain, Barack Obama, Mitt Romney, and Fred Thompson, as well as some "dark horse" contenders. Among the features in this book: Issue-by-issue charts defining where each candidate stands on the war in Iraq, health care, taxes, the economy, and other significant points of debate. An assessment of each candidate's strengths and weaknesses. A hypothetical glimpse into the future of each candidate's potential presidency. Areas of possible controversy that could spark heated discussion and affect the outcome of the race. Personal facts and anecdotes about each

candidate—including exclusive Q&As covering everything from their junk food weaknesses to their biggest superstitions.

Guide to the Presidency and the Executive Branch Michael Nelson 2012-08-13 This comprehensive two-volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U.S. presidency. Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure, powers, and operations of the office and the president's relationship with Congress and the Supreme Court. The fifth edition of this acclaimed reference completes coverage of the George W. Bush presidency, the 2008 election, and the first 3 years of the presidency of Barack Obama. This includes coverage of their handling of the economic crisis, wars abroad, and Obama's healthcare initiatives. The work is divided into eight distinct subject areas covering every aspect of the U.S. presidency, and all chapters in each subject area have been revised and updated: Origins and Development of the Presidency, including constitutional beginnings, history of the presidency and vice presidency, and presidential ratings Selection and Removal of the President, including the electoral process, a chronology of presidential elections, removal of the president and vice president, and succession Powers of the Presidency, including the unilateral powers of the presidency and those as chief of state, chief administrator, legislative leader, commander in chief, and chief economist The President, the Public, and the Parties, including presidential appearances, the president and political parties, the president and the news media, the presidency and pop culture, public support and opinion, and the president and interest groups The Presidency and the Executive Branch, including the White House Office, the Office of the Vice President, supporting organizations, the cabinet and executive departments, presidential commissions, and executive branch housing, pay, and perquisites Chief Executive and Federal Government, including the president and Congress, the president and the Supreme Court, and the president and the bureaucracy Presidents, their Families, and Life in the White House and

Beyond, including the daily life of the president, the first lady, the first family, friends of presidents, and life after the presidency
Biographies of the Presidents, Vice Presidents, First Ladies This new volume also features more than 200 textboxes, tables, and figures. Major

revisions cover the supporting White House organizations and the president's role as chief economist. Additional reference materials include explanatory headnotes, as well as hundreds of photographs with detailed captions.
