**The Directory of Executive Recruiters** Kennedy Publications 1998 Whether an executive is seeking a position at a microbrewery or SAP software consulting firm, The Directory of Executive Recruiters has the contacts who can make or break a job search. Known to insiders since 1971 as the Red Book, the 1999 edition contains detailed information on over 11,000 recruiters at more than 6,100 offices in North America. Executives can easily identify recruiters who can best match their skills and interests to open positions using the extensive indexes: industries, functional expertise, geographic locations and individual recruiter specialties (455 areas). Includes free CD-ROM with advice on working with recruiters.
**InfoWorld** 1998-09-21 InfoWorld is targeted to Senior IT professionals. Content is segmented into Channels and Topic Centers. InfoWorld also celebrates people, companies, and projects.
*Stochastic Global Optimization* Gade Pandu Rangaiah 2010 Optimization has played a key role in the design, planning and operation of chemical and related processes, for several decades. Global optimization has been receiving considerable attention in the past two decades. Of the two types of techniques for global optimization, stochastic global optimization is applicable to any type of problems having non-differentiable functions, discrete variables and/or continuous variables. It, thus, shows significant promise and potential for process optimization. So far, there are no books focusing on stochastic global optimization and its applications in chemical engineering. Stochastic Global Optimization - a monograph with contributions by leading researchers in the area - bridges the gap in this subject, with the aim of highlighting and popularizing stochastic global optimization techniques for chemical engineering applications. The book, with 19 chapters in all, is broadly categorized into two sections that extensively cover the techniques and the chemical engineering applications.

Computerworld 2004-06-14 For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers worldwide. Computerworld's award-winning Web site (Computerworld.com), twice-monthly publication, focused conference series and custom research form the hub of the world's largest global IT media network.
*Plunkett's Companion to the Almanac of American Employers 2009* Jack W. Plunkett 2009-03-01 Plunkett's Companion to the Almanac of American Employers is the perfect complement to the highly-regarded main volume of The Almanac of American Employers. This mid-size firms companion book covers employers of all types from 100 to 2,500 employees in size (while the main volume covers companies of 2,500 or more employees). No other source provides this book's easy-to-understand comparisons of growth, corporate culture, salaries, benefits, pension plans and profit sharing at mid-size corporations. The book contains profiles of highly successful companies that are of vital importance to job-seekers of all types. It also enables readers to readily compare the growth potential and benefit plans of large employers. You'll see the financial record of each firm, along with the impact of earnings, sales and growth plans on each company's potential to provide a lucrative and lasting employment opportunity. Nearly five hundred of the most successful mid-size corporate employers in America are analyzed in this book. Tens of thousands of pieces of information, gathered from a wide variety of sources, have been researched for each corporation and are presented here in a unique form that can be easily understood by job seekers of all types. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling export of company names, human resources contacts, and addresses for mail merge and other uses.
*The Directory of Executive Recruiters 2003* Kennedy Information 2002 Whether an executive is seeking a position at a microbrewery or SAP software consulting firm, The Directory of Executive Recruiters has the contacts who can make or break a job search. Known to insiders since 1971 as the Red Book, the 2003 edition contains detailed information on over 14,700 recruiters at more than 7,800 offices in North America.
**The Directory of Executive Recruiters 2004** Kennedy Information, Inc 2003-10 Offers advice for candidates and clients, and lists both retainer and contingency recruiting firms
**Ajax and REST Recipes** Christian Gross 2007-03-01 Ajax is one of the hottest new methodologies on the web, bit it

requires a lot of coding, and there are some inherent problems with Ajax applications. This book offers more than 50 adaptable recipes for common tasks using Ajax, DOM Scripting, and REST techniques, saving hours of development time. These provide complete solutions for form validation, drag and drop functionality, data sorting, data presentation techniques, application architecture, debugging, performance enhancements, server-side techniques for web services, and much more. The book makes use of REST and other design patterns, and many popular JavaScript libraries, focusing is on efficiency, optimization and reusability.
Das Zeitalter des Überwachungskapitalismus Shoshana Zuboff 2018-10-04 Gegen den Big-Other-Kapitalismus ist Big Brother harmlos. Die Menschheit steht am Scheideweg, sagt die Harvard-Ökonomin Shoshana Zuboff. Bekommt die Politik die wachsende Macht der High-Tech-Giganten in den Griff? Oder überlassen wir uns der verborgenen Logik des Überwachungskapitalismus? Wie reagieren wir auf die neuen Methoden der Verhaltensauswertung und -manipulation, die unsere Autonomie bedrohen? Akzeptieren wir die neuen Formen sozialer Ungleichheit? Ist Widerstand ohnehin zwecklos? Zuboff bewertet die soziale, politische, ökonomische und technologische Bedeutung der großen Veränderung, die wir erleben. Sie zeichnet ein unmissverständliches Bild der neuen Märkte, auf denen Menschen nur noch Quelle eines kostenlosen Rohstoffs sind – Lieferanten von Verhaltensdaten. Noch haben wir es in der Hand, wie das nächste Kapitel des Kapitalismus aussehen wird. Meistern wir das Digitale oder sind wir seine Sklaven? Es ist unsere Entscheidung! Zuboffs Buch liefert eine neue Erzählung des Kapitalismus. An ihrer Deutung kommen kritische Geister nicht vorbei.
**The Directory of Executive Recruiters, 2001** Kennedy Information 2000-11 The famous Red Book is the authentic source job-seekers trust when making career moves. Published since '71 & updated annually by a full-time research staff, this definitive guide to working with "headhunters" profiles over 4,300 firms. Listings include full contact information with fax numbers, e-mail addresses & web sites. Recruiting firms are easily targeted by industry, management function & geographical areas in the detailed indexes. In addition, over 12,000 individual recruiters are grouped by their specialty niche areas, making it easy for users to find the right recruiter. A free CD-ROM is included with tips on making a career move & strategies for working with recruiters. Mentioned in The Kiplinger Washington Letter, Marilyn Mcats Kennedy's Career Strategies, National Business Employment Weekly, Forbes, What Color is Your Parachute?, Knock 'Em Dead & featured on CNBC. Called "The bible of the executive recruiting business," in Sylvia Porter's Personal Finance Magazine.

*Cloud Database Development and Management* Lee Chao 2013-07-26 Although today's job market requires IT professionals to understand cloud computing theories and have hands-on skills for developing real-world database systems, there are few books available that integrate coverage of both. Filling this void, Cloud Database Development and Management explains how readers can take advantage of the cloud environment to develop their own fully functioning database systems without any additional investment in IT infrastructure. Filled with step-by-step instructions, examples, and hands-on projects, the book begins by providing readers with the required foundation in database systems and cloud-based database development tools. It supplies detailed instructions on setting up data storage on Windows Azure and also explains how readers can develop their own virtual machines with Windows Server 2012 as the guest operating system. The book's wide-ranging coverage includes database design, database implementation, database deployment to the cloud environment, SQL Database, Table Storage service, Blob Storage service, Queue Storage service, and database application development. The text deals with all three aspects of database design: conceptual design, logical design, and physical design. It introduces the SQL language, explains how to use SQL to create database objects, and introduces the migration of the database between Windows Azure and the on-premises SQL Server. It also discusses the management tasks that keep both SQL

Database and Windows Azure running smoothly. Detailing how to design, implement, and manage database systems in the cloud, the book provides you with tools that can make your cloud database development much more efficient and flexible. Its easy-to-follow instructions will help you develop the hands-on skills needed to store and manage critical business information and to make that data available anytime through the Internet.

**The Directory of Executive Recruiters, 2002** Kennedy Information, Inc 2001-08 The paperback edition of The Directory of Executive Recruiters is a quick but thorough reference for career changers and job-seekers to contact search firms that match their areas of expertise. Using the same database as the Corporate Edition above, it concentrates on North American firms. Internal information such as firm revenues, number of recruiters, etc., is not included. Introductory material helps guide job-seeker expectations with strategies for using recruiters as part of overall career management. "Anyone looking to turn headhunters' heads should have a copy of the Directory." --William Flanagan, Senior Editor, Forbes
