National Stereotypes and Symbolism in David Lodge's Out of the Shelter Tina Hannappel 2008-12 Seminar paper from the year 2007 in the subject English Language and Literature Studies - Literature, grade: 2,0, University of Marburg (Angelistik/Amerikanistik), course: Transatlantic Stereotyping - Views from/about Both Sides of the Ocean, 9 entries in the bibliography, language: English, abstract: The first time I took notice of David Lodge's novels was in this seminar. While reading the novel Changing Places (1965) I liked his gift of making use of national stereotypes in a witty way that never seemed gross and made me reflect about the characters in spite of their comic effect. Furthermore, I particularly liked Lodge's way of working historical events into his novels. When I came across the novel Out of the Shelter (1970, 1984) I chose it as a topic for my term paper because I felt it was interesting to observe how a foreign author makes use of stereotypes of my own nationality. The Bildungsroman Out of the Shelter belongs to the early novels written by David Lodge. Lodge, as a professor of Modern English literature since 1976, is a very versatile author. Furthermore, he published works of literary theory, such as Working with Structuralism (1981) or novels, e.g., The British Museum is Falling Down (1965) or the satirical two-campus novel Changing Places (1965). The novel Out of the Shelter is mainly set in occupied Heidelberg (West Germany) where the protagonist, the 16 years old Briton Timothy Young, visits his sister who works for the US-Army as a civilian secretary. This "international theme" is well suited for examining how the author makes use of national stereotypes and symbolism. But what must be seen as a stereotype in this novel? The Collins dictionary defines a stereotype as ..".simplistic generalizations about a group that allows others to categorize them and treat them accordingly...." For this novel not only the question if the characters are stereotypes is informative, but also if there is made use of stereotypes in the character constellation and if

The British Museum James Hamilton 2018-04-05 A concise history of one of the world's greatest and most comprehensive museum collections, from its founding in 1753. A product and symbol of the 18th-century Enlightenment, the British Museum is as iconic an expression of that cultural tendency as Johnson's Dictionary, the French Encyclopedie and Linnaean plant classification. Its collections embody the raw material of empiricism – the bringing together of things to enable the widest intellectual experiment to take place. James Hamilton explores the establishment of the Museum in the 1750s (from the bequest to the nation of the collections of Sir Hans Sloane); the chosen site of its location; the cultural context in which it came into being; the subsequent development, expansion and diversification of the Museum, both as a collection and as a building, from the early 19th to the 21st century; the controversy occasioned by some of its acquisitions; and the legacy and influence of the Museum nationally and globally.

The British Museum Is Falling Down David Lodge 2012-07-31 The British Museum is Falling Down is a brilliant comic satire of academia, religion and human entanglements. First published in 1965, it tells the story of hapless, scooter-riding young research student Adam Appleby, who is trying to write his thesis but is constantly distracted - not least by the fact that, as Catholics in the 1960s, he and his wife must rely on 'Vatican roulette' to avoid a fourth child.

Between Human and Divine Mary Reichardt 2010 Between Human and Divine is the first collection of scholarly essays published on a wide variety of contemporary (post 1980) Catholic literary works and artists. Its aim is to introduce readers to recent and emerging writers and texts in the tradition.

Licht aus dem Osten Peter Frankopan 2016-09-21 «Eine neue Geschichte der Welt – dieses Buch verdient den Titel voll und ganz.» Peter Frankopan lehrt uns, die Geschichte neu zu sehen – indem er nicht Europa, sondern den Nahen und Mittleren Osten zum Ausgangspunkt macht. Hier entstanden die ersten Hochkulturen und alle drei monotheistischen Weltreligionen; ein Reichtum an Gütern, Kultur und Wissen, der das Alte Europa seit jeher sehnsüchtig nach Osten blicken ließ. Frankopan erzählt von Alexander dem Großen, der Babylon zur Hauptstadt seines neuen Weltreichs machen wollte; von Seide, Porzellan und Techniken wie der Papierherstellung, die über die Handelswege der Region Verbreitung fanden; vom Sklavenhandel mit der islamischen Welt, der Venedig im Mittelalter zum Aufstieg verhalf; von islamischen Gelehrten, die das antike Kulturerbe pflegten, lange bevor Europa die Renaissance erlebte; von der Erschließung der Rohstoffe im 19. Jahrhundert bis hin zum Nahostkonflikt. Schließlich erklärt Frankopan, warum sich die Weltpolitik noch heute in Staaten wie Syrien, Afghanistan und Irak entscheidet. Peter Frankopan schlägt einen weiten Bogen, und das nicht nur zeitlich: Er rückt zwei Welten zusammen, Orient und Okzident, die historisch viel enger miteinander verbunden sind, als wir glauben. Ein so fundiertes wie packend erzähltes Geschichtswerk, das wahrhaft die Augen öffnet.

A University Course in English Grammar Angela Downing 2002 This comprehensive descriptive grammar is a complete course for first degree and postgraduate students of English as a Foreign Language. Ästhetische Illusion und Illusionsdurchbrechung in der Erzählkunst Werner Wolf 2017-03-20 The Anglia Book Series (ANGB) offers a selection of high quality work on all areas and aspects of English philology. It publishes book-length studies and essay collections on English language and linguistics, on English and American literature and culture from the Middle Ages to the present, on the new English literatures, as well as on general and comparative literary studies, including aspects of cultural and literary theory.

A Change Is Gonna Come: Dylan, die Beatles, die Rolling Stones und andere im Jahr 1966 Carsten Dürkob 2015-11 Alle reden von 1967, dem „Summer of Love“, von Sonne, Liebe, Friede – aber was hat diese einzigartige, im Nachhinein geradezu zum Mythos gewordene Stimmung ermöglicht? „A Change Is Gonna Come“ beantwortet diese Frage aus der Perspektive der Pop-Musik, genauer: aus der Perspektive einer Reihe von Texten, die 1966 erschienen sind und in den folgenden Monaten ihre Wirkung rund um die Welt entfaltet haben. Mitten in der Dekade des Sorglos-Pop formulieren die wichtigsten der um 1940 geborenen Songschreiber Texte, die von Zukunftsängsten, Orientierungslosigkeit und Desillusioniertheit berichten. Diese im Laufe weniger Monate erschienenen Platten geben nicht nur dem Pop im Laufe eines einzigen Sommers eine neue Richtung und eine neue Authentizität, sondern sind auch ein Aufruf, eine Warnung: So kann es nicht weitergehen! Deshalb stehen Simon & Garfunkel: „The Sounds of Silence“ The Rolling Stones: „Aftermath“ The Beach Boys:

„Pet Sounds“ Bob Dylan: „Blonde On Blonde“ The Beatles: „Revolver“ und Simon & Garfunkel: „Parsley, Sage, Rosemary & Thyme“ sowie weitere einzelne Songs anderer Interpreten im Mittelpunkt von „A Change Is Gonna Come“. Sie alle zeigen: Die Grundlagen der Welt sind 1966 brüchig geworden. Der „Summer of Love“ ist nur die Antwort darauf!

Intertextual Loops in Modern Drama Christine Olga Kiebuszinska 2001 Kiebuszinska, who teaches modern drama, comparative literature, and film at Virginia Tech, considers intertextuality in modern drama. In nine essays, she examines the connections between the works of modern playwrights such as Kundera, Jelinek, and Hampton and the texts of earlier writers such as Diderot

Routledge International Handbook of Research Methods in Digital Humanities Kristen Schuster 2020-08-24 This book draws on both traditional and emerging fields of study to consider what a grounded definition of quantitative and qualitative research in the Digital Humanities (DH) might mean; which areas DH can fruitfully draw on in order to foster and develop that understanding; where we can see those methods applied; and what the future directions of research methods in Digital Humanities might look like. Schuster and Dunn map a wide-ranging DH research methodology by drawing on both 'traditional' fields of DH study such as text, historical sources, museums and manuscripts, and innovative areas in research production, such as knowledge and technology, digital culture and society and history of network technologies. Featuring global contributions from scholars in the United Kingdom, the United States, Europe and Australia, this book draws together a range of disciplinary perspectives to explore the exciting developments offered by this fast-evolving field. Routledge International Handbook of Research Methods in Digital Humanities is essential reading for anyone who teaches, researches or studies Digital Humanities or related subjects.

Exploring the Language of Poems, Plays and Prose Mick Short 2018-10-08 Exploring the Language of Poems, Plays and Prose examines how readers interact with literary works, how they understand and are moved by them. Mick Short considers how meanings and effects are generated in the three major literary genres, carrying out stylistic analysis of poetry, drama and prose fiction in turn. He analyses a wide range of extracts from English literature, adopting an accessible approach to the analysis of literary texts which can be applied easily to other texts in English and in other languages.

Literatur und Medizin Bettina von Jagow 2005 Das Interesse an 'Schnittstellen' von Literatur und Medizin ist groß und nimmt stetig zu, die Thematik ist vielfältig und nicht leicht überschaubar. Hier bietet das im Entstehen begriffene Lexikon Orientierung und Überblick. Es schafft Grundlagen und fördert darüber hinaus den Dialog zwischen Geistes- und Naturwissenschaften. Sachlich-systematisch orientiert und alphabetisch angeordnet sind einschlägige medizinische Sujets verzeichnet, die in der Literatur von der Antike bis in die Gegenwart eine Rolle spielen. In über 250 Artikeln von Abtreibung bis Zwang wird die medizinische und historische Begriffsgeschichte sowie die geistes-, ideen- und kulturhistorische Bedeutung im Wandel der Zeiten dargestellt. Zu jedem Artikel gibt es weiterführende Literaturhinweise; Personen-, Werk- und Sachregister erleichtern das Suchen und Nachschlagen.

A Theory of Parody Linda Hutcheon 2000 In this major study of a flexible and multifaceted mode of expression, Linda Hutcheon looks at works of modern literature, visual art, music, film, theater, and architecture to arrive at a comprehensive assessment of what parody is and what it does. Hutcheon identifies

parody as one of the major forms of modern self-reflexivity, one that marks the intersection of invention and critique and offers an important mode of coming to terms with the texts and discourses of the past. Looking at works as diverse as Tom Stoppard's *Rosencrantz and Guildenstern Are Dead*, Brian de Palma's *Dressed to Kill*, Woody Allen's *Zelig*, Karlheinz Stockhausen's *Hymnen*, James Joyce's *Ulysses*, and Magritte's *This Is Not a Pipe*, Hutcheon discusses the remarkable range of intent in modern parody while distinguishing it from pastiche, burlesque, travesty, and satire. She shows how parody, through ironic playing with multiple conventions, combines creative expression with critical commentary. Its productive-creative approach to tradition results in a modern recoding that establishes difference at the heart of similarity. In a new introduction, Hutcheon discusses why parody continues to fascinate her and why it is commonly viewed as suspect--for being either too ideologically shifty or too much of a threat to the ownership of intellectual and creative property.

Elements of Parody in David Lodge's "Nice Work" Barbora Sramkova 2005-01-28 Seminar paper from the year 1995 in the subject English Language and Literature Studies - Literature, grade: 1,0, Technical University of Berlin, course: PS David Lodge, 8 entries in the bibliography, language: English, abstract: When thinking about David Lodge and parody, *Nice Work* might not be the first novel that springs to mind. This is because the generally accepted conception of parody is that of an imitation of a model text, be it a particular piece of writing, the style of an author or the literary modes of a particular period, with the underlying intention of mocking and ironizing the target text. According to this, the natural association would be Lodge's *The British Museum is Falling Down*, with a slight deviation as far as the author's intentions are concerned. The concept of ridicule, which can be traced in most of the parodies in the history of this genre since Aristophanes, is not an inherent feature of parody. The mockery does not always go at the expense of the text parodied, as we can see in the case of *The British Museum is Falling Down*, which is rather a homage to the background texts. It is the issue of the "ethos of parody", which can be ironic, ridiculing, didactic or reverential. This wide "pragmatic range of parody" results from the ambivalent meaning of the Greek word 'para', which means both 'opposite' and 'beside'. Linda Hutcheon suggests that "it is this second, neglected meaning of the prefix that broadens the pragmatic scope of parody in a way most helpful to discussions of modern art forms (...). With this in mind, I shall approach *Nice Work* along the lines of Daniel Ammann's definition of parody as an "activation or flirtation with an intertext (...) sustained over longer stretches(...)" as well as of Linda Hutcheon's statement that "parody(...) is a repetition with difference." Defined thus broadly, it meets my conception of *Nice Work* as a non-standard parody. By this I mean that it is not a homogeneous rewriting of an original (with a "difference", of course), as Jane Austen's *Northanger Abbey* is a parody of the Gothic novel, neither is it a consistent mosaic of parodies mimicking the originals according to one principle as *The British Museum is Falling Down* does, and on that account it becomes a parody homogeneous on a higher level.

A Literary and Catholic Discourse on David Lodge's novels "The British Museum is Falling Down" and "How far can you go?" 2020-07-08 Pre-University Paper from the year 2020 in the subject English Language and Literature Studies - Literature, grade: 1, , language: English, abstract: The art of literature has many faces. One of it is David Lodge, a British author and literary critic. With his literary work he explores society and culture as well as religion. It is the aim of this pre-

academic work to analyse and compare two of his earlier novels: "The British Museum is Falling Down" (1965) and "How far can you go?" (1980). As a first step, the biographical background of David Lodge with a special focus on faith is examined. Moreover, it is clarified why he can be called a "Catholic novelist". It is depicted how he has developed as a "Catholic novelist". Secondly, this work concentrates on the analysis of the two novels. Aspects of "The British Museum is Falling Down", which are central to Lodge's literature, are analysed. Notably: Realism, Intertextuality and Catholic aspects. Furthermore, the same crucial aspects of "How far can you go?" are analysed, focusing on Catholic context. As a final step, the two novels are compared in a literary and Catholic context. Considering the elaborated aspects of the two novels ideas are established of how Catholic society has developed and how it has rebelled against the Church over the time.

Die Knochenuhren David Mitchell 2016-03-11 An einem verschlafenen Sommertag des Jahres 1984 begegnet die junge Holly Sykes einer alten Frau, die ihr im Tausch für «Asyl» einen kleinen Gefallen tut. Jahrzehnte werden vergehen, bis Holly Sykes genau versteht, welche Bedeutung die alte Frau dadurch für ihre Existenz bekommen hat. Die Knochenuhren folgt den Wendungen von Holly Sykes' Leben von einer tristen Kindheit am Unterlauf der Themse bis zum hohen Alter an Irlands Atlantikküste, in einer Zeit, da Europa das Öl ausgeht. Ein Leben, das gar nicht so ungewöhnlich ist und doch punktiert durch seltsame Vorahnungen, Besuche von Leuten, die sich aus dem Nichts materialisieren, Zeitlöcher und andere kurze Aussetzer der Gesetze der Wirklichkeit. Denn Holly – Tochter, Schwester, Mutter, Hüterin – ist zugleich die unwissende Protagonistin einer mörderischen Fehde, die sich in den Schatten und dunklen Winkeln unserer Welt abspielt – ja, sie wird sich vielleicht sogar als deren entscheidende Waffe erweisen. Metaphysischer Thriller, moralische Betrachtung und Chronik unseres selbstzerstörerischen Handelns – dieser kaleidoskopische Roman mit seiner Vielfalt von Themen, Schauplätzen und Zeiten birbt vor Erfindungsreichtum und jener Intelligenz, die David Mitchell zu einem der herausragenden Autoren seiner Generation gemacht hat.
